LATIN AMERICA

LOCAL KNOWLEDGE. GLOBAL EXPERIENCE.

inVentivHealthclinical.com

With more than 569 million diverse inhabitants, Latin America is experiencing tremendous growth, not only as a region for conducting clinical trials but also as a consumer market for pharmaceutical products. inVentiv Health Clinical brings to Latin America the proven functional and therapeutic expertise, familiarity with the local culture and regulatory requirements, and focus on quality to help sponsors make the most of the region's rich resources and market opportunities.

LOCAL EXPERIENCE

inVentiv Health Clinical solid infrastructure provides the foundation for our customers' development needs, across all phases of research. Our complete development services in the region include: clinical operations, data management and biostatistics, rater training, medical writing, regulatory affairs and consulting, medical and scientific affairs, pharmacovigilance and IVRS/IWRS. Since 2007, our team has conducted more than 120 studies involving over 99,000 subjects across more than 12,500 sites.

THERAPEUTIC EXPERTISE

Our local team, including two doctors, has conducted more than 2,000 local studies in core therapeutic areas including CNS, oncology, infectious disease, vaccines, endocrinology and metabolic disease and cardiology.

REGULATORY EXPERIENCE, QUALITY ASSURANCE

inVentiv Health Clinical has an 81% regulatory approval rating for submissions in the last 12 years. And our commitment to quality spans the globe. Our quality has been rated excellent: between 2009 and 2011, audits of our local sites and offices by our sponsors have resulted in zero critical findings.

FLEXIBLE, SCALABLE CLINICAL SERVICES

Our services are designed to meet the unique needs of any client, regardless of size. We have significant and equal experience serving small-mid size pharma, large pharma and biotechnology companies both locally and through local global affiliates. We offer our clients functional service provisions and strategic staffing options in addition to our top quality full-service work.
